F O R E W O R D

About the year 1910, as near as I can recall, I visited Uncle Noah Westenbarger (2-g) in Bremen, Ohio. Among other things, he stated that some one ought to have the family record so he gave me a copy which is found on the first page of this record, although in different form.

I then corresponded with George Seifert of Philadelphia, who was employed by the government to compile vital statistics, from whom I received many valuable ideas as to the value of such a record, but my work as a minister did not leave me the needed time to do much about it. However, I began gathering information as occasions presented themselves.

As time went on, the older folks of our family passed on and many of the old family records, regarded as valueless, went the way of valueless property and are no longer available. Many of the records that we did find were not complete and some dates did not agree with the dates received from other sources, so we had to use our best judgment in such cases.

I have found this work very fascinating as a hobby, and I hope it will prove useful to you who become interested in the Westenbarger record.

Thanks to all those who have helped me to secure the information concerning their respective families. Without their generous help I would not be able to offer this record for your convenience and help.

This book is made up with the record of the family printed on one side of the sheet, leaving the other side blank upon which I hope each of you will take the interest to record a short history of your family so that a written record of the important things concerning your family may be available in the future. I refer to such things as occupation, school advantages, church affiliation, etc.

If any of you can furnish me with additional records of your family, I shall be very happy for the same.

I am glad, that while I am living, I can see this information that I have gathered, in a more permanent shape than I have had it heretofore. I hope that when I am no longer able to keep up this work, some one will volunteer as I have done, to perpetuate the Westenbarger Record.

Trusting that I may yet be able to find the connecting link between the early settlers of the Westenbarger family and our family as recorded in this book, I am yours in the interest of our family record.

This couple came from Hagerstown, Maryland about 1806 and located at Bremen, Ohio. We call them the first generation since we begin this record with them. To date I have not been able to form the connecting link with the first settlers of our country, but we have found that as early at 1743 Westenbargers came to this country and settled in Pa., Va., and Md. B.L.W.
